

Paraprofessional Testing

What is a Paraprofessional?

The job of the Paraprofessional is to provide assistance and support in the classroom. The Paraprofessional works closely with teachers, administrators and other educational team members to provide educational benefits to all students. For more information, see the following link:

<http://www.cusd.com/human-resources-homepage/apply/>.

Tutorials are available to prepare for the test.

There are tutorials and practice tests on the Internet. For more information, see the following links:
